The American Piano Show
Linda Gentile
88 Route 610
Petersburg, NJ, 08270

Dear Linda:

I would like to thank you again for your second amazing show at the Muckenthaler! Word of mouth spread since you received standing ovations last year and we were all blown away again. It was great that your renowned has spread from your cruise ship following who also came in force for the show. One lady who saw you on a ship brought 22 people with her to the show!

I was also thrilled with the way you worked with our local college musicians and incorporated them into the show. It was a thrill for them and a great learning experience.

I am so happy I took a chance on you two years ago. I was not a big fan of solo piano before I saw you. You make it seem as exciting and death defying as a Peking Acrobat troupe. You will always be on my short list of perennial favorites always welcome at the Muckenthaler when you tour through town.

Sincerely Yours,

Zoot Velasco, Executive
